

Battery Program

Orders are already coming in strong for Ingersoll Rand private brand batteries offered by Utility Equipment. We are glad to announce that as requested by many of you, a pickup / disposal program has been developed with our battery supplier, Harris Battery Company.

Here is how the program works:

- Used batteries will be picked up on a quarterly basis
- Used batteries include both Ingersoll Rand brand batteries and non- Ingersoll Rand batteries.
- Minimum quantity of 25 per pick up
- There will be no charge for pickup of used batteries

Some of the features of the Ingersoll Rand batteries include:

- Ingersoll Rand Brand name and part numbers
- Convenience:
 - Eliminate outside purchases
 - Include in your weekly stock order where Utility Equipment pays the freight
- Batteries shipped wet ready to use (Generator batteries shipped dry)
- 1 year / unlimited hours warranty
- Aggressive and competitive prices - Effective immediately.
- Sales credits count towards Parts Partners!!

Utility Equipment Batteries List
