WARRANTY POLICY

Lighting Systems

It is the selling dealer's responsibility to register each unit sold on Doosan's Warranty Website by entering current customer information and warranty start date. Any changes in ownership thereafter should be completed by the dealer via the ETR (Equipment Transfer Request) in the warranty system.

Light Tower Warranty

Doosan Portable Power (DPP) warrants to (i) its authorized North American dealers, who in turn warrant to the initial user, and (ii) direct customers, that each light tower manufactured by it will be free from defects in material and workmanship for a period of (a) twenty-four (24) months from the date of shipment to the initial user, (b) the accumulation of 2,000 hours of service by the initial user, or (c) thirty (30) months from the date of delivery from the factory to the dealer, whichever is earliest. This warranty applies to Portable Power light towers located within the US and Canada.

DPP will provide a new or repaired part, at its election, in place of any part that is found upon its inspection to be defective in material or workmanship during the warranty period. Such part will be replaced without charge to the initial user during normal working hours at the place of business of a DPP dealer authorized to sell the type of equipment involved or other establishment authorized by DPP. User must present proof of purchase at the time of a warranty claim.

This warranty does not apply to failures occurring as a result of:

1. Abuse, misuse, negligent repairs, corrosion, erosion, normal wear and tear, alterations, or modifications made to the product without express written consent of DPP.
2. Failure to follow the recommended operating practices and maintenance procedures as provided in the product's operating and maintenance publications.

Balloon Lights Warranty

DPP warrants to (i) its authorized dealers, who in turn warrant to the initial user, and (ii) direct customers, that each balloon light manufactured by it will be free from defects in material and workmanship for a period of (a) twelve (12) months from the date of shipment to the initial user or (b) eighteen (18) months from the date of delivery from the factory to the dealer, whichever occurs first.

DPP warrants that the balloon envelope will be free from defects in material and workmanship for six (6) months following shipment to the initial user. DPP will provide a new or repaired part, at its election, in place of any part which is found upon its inspection to be defective in material or workmanship during the period prescribed above. Such part will be repaired or replaced without charge to initial user during normal working hours at the place of business of a DPP dealer authorized to sell the type of equipment involved or other establishment authorized by DPP. User may be required to present proof of purchase at the time of a warranty claim.

This warranty does not apply to failures occurring as a result of:

1. Abuse, misuse, negligent repairs, corrosion, erosion, normal wear and tear, alterations or modifications made to the product without express written consent of DPP.
2. Failure to follow the recommended operating practices and maintenance procedures as provided in the product's operating and maintenance publications.

Accessories or equipment furnished by DPP, but manufactured by others, shall carry whatever warranty the manufacturers have conveyed to DPP and which can be passed on to the initial user.

Warranty Procedure

Failures occurring within the warranty period must be reported to a DPP authorized dealer. Consult your local phonebook, visit our website at <http://doosanportablepowermobile.maporama.com> or call 1-800-633-5206 for the dealer nearest you. Arrange with warranty service provider to have the machine repaired per the terms of this warranty policy.

Components such as non-DPP engines may require the component manufacturer's representative to perform warranty repairs.

Only an authorized Kubota dealer can perform Kubota® engine warranty repair.

What the Warranty Covers

Failures that meet the criteria outlined below may be considered as warranty failures:

- Must occur within the published warranty period for the particular product.
- Must be the result of a defect in materials or workmanship by the factory.
- Must not be listed under "Non-Warrantable Items" or "Vendor Components".

Non-warrantable Items

The following items are non-warrantable:

- Fuel, hydraulic and lubricating oil, grease, anti-freeze, air and oil filter elements, belts, hoses, and replacement parts as the result of normal use or wear
- Failures of parts, attachments, accessories, or modifications not manufactured or supplied by Doosan Portable Power.
- Failures and progressive damage resulting from the use of a part not approved by DPP.
- Failures resulting from improper application, operation and maintenance or repair practices.
- Damage resulting from negligence or accidents.
- Towing, hauling, loading or unloading costs.
- Loss or damage caused by carrier.
- Repairs required as the result of improper handling, storage or protection.
- Downtime or lost production costs.
- Any cost of a replacement or backup unit.
- Telephone or other communication expenses.
- Shop supplies

Vendor Components Not Warranted by Doosan Portable Power

Vendor components which are warranted direct to the user-purchaser by the manufacturer, including, but not limited to the following items are not warranted by DPP:

1. Engines, engine starters, generators/alternators and regulators.
2. Accessories.

Failures of these components are to be directed to the representative manufacturer's local service facility. Proof of purchase may be required for warranty claims.
